

TO ALL ASD MEMBERS:

As you already know, the U.S Attorney's office has filed suit against Thomas A. Bowdoin, Jr., Clarence Busby, Jr., ADSURFDAILY, Golden Panda, and others complaining about the sale of unregistered securities and referring to the business of ADSURFDAILY as a Ponzi scheme. The members strongly disagree with the Government's claims. This lawsuit allowed the Government to seize a great deal of property, including various bank accounts, credit card accounts, undeposited cashiers checks and virtually shut down our business. We believe that this action by the Government is both unfounded and outrageous. In addition, we believe the seizure of ADSURFDAILY property and shutting down our business without notice violates ADSURFDAILY Members constitutional rights to due process. These harsh acts require an immediate response.

Accordingly, we are in the process of retaining an attorney in Dallas, Larry Friedman (see his website at <http://www.fflawoffice.com>). He is the managing partner of the litigation law firm, Friedman & Feiger, L.L.P. We know him to be one of the top lawyers in Texas. He is smart and very aggressive, and has taken on the Government before in matters such as these. He has even dealt, successfully, with certain Government attorneys listed on this complaint.

We intend to fight the Government's lawsuit, get our business going, get our cash flowing again and get our money back. To that end, we would like to hire Larry Friedman. We are asking every Member to join with us. Where possible, we ask you to contribute to our "war chest." Larry has agreed to commence representation once we deposit a \$100,000 retainer in the "ASD Membership Legal Defense Fund" trust account. As you know, good representation is expensive. This litigation may cost a lot more. We would like to raise several hundred thousand dollars to be kept in the trust account, which would be refundable if not used.

Please respond to this email, letting us know we can include you as a named Intervenor on the pleadings. This action will represent every Member of ASD and we trust we can count on your financial support. We are asking for a minimum contribution of \$500 per member, but welcome any amount, large or small. Every member that joins our group will be represented by Mr. Friedman.

Please make your checks payable to "**Friedman & Feiger**", indicate your ASD member name and ID number on the check and overnight the check to:
